

School of Business, Economics and Social Sciences, University of Graz
 Courses open for CESENET in Winter Semester 2020 - Scheduled Dates

320.505 Decision and Game Theoretic Modelling

Type	Lecture/Practical
Lecturer	Kuzmics, Christoph
Department	Institute of Economics
ECTS	Credits for PhD studies: 3
Content	Critical review of models of strategic and nonstrategic decision making – including collective decision making (social choice and public choice) and game theory.
Previous knowledge expected:	This is a PhD course

320.506 Decision and Game Theoretic Modelling
 (Individual, Strategic and Social Decision Making)

Type	Seminar
Lecturer	Kuzmics, Christoph
Organisation	Institute of Economics
ECTS	Credits for PhD studies: 6
Content	Critical review of models of strategic and nonstrategic decision making – including collective decision making (social choice and public choice) and game theory.
Previous knowledge expected:	This is a PhD course

320.509 Quantitative Empirical Methods and Econometrics
(Econometric methods for panel data)

Type	Lecture/Practical
Lecturer	Manner, Hans
Organisation	Institute of Economics
ECTS	Credits for PhD studies: 3
Content	In the course we treat econometric methods for panel data.
Previous knowledge expected:	none

320.515 Doctoral Colloquium 1 (Economics)

Type	Doctoral Colloquium
Lecturer	Steininger, Karl
Organisation	Institute of Economics
ECTS	Credits for PhD studies: 3
Content	Ph.D. candidates present their dissertation projects which will be discussed. The focus of DQ1 is on the general problem tackled, a literature review, the central research questions and the employed methods in the dissertation. All supervisors of the participating candidates have to take part in this colloquium, but all other Ph.Ds. in economics are also be invited. Besides the students' presentations invited guest speakers will give talks on their current research topics.
Previous knowledge expected:	none
